Culture e Fede Vol. XVII 2009 N.3 & 4

Vol. XVII 2009 N.3 & 4

A double edition of the review opens with a reflection on dialogue and communication in an age of evolving technology. With the increase of visual media, former ways of communicating need to be renewed. How can we use digital technology to transmit the Faith to larger audiences?

A second part focuses on ethics and economy, that web of relations and moral beliefs by which we construct a better society.
